Experience your brand.

4.2 km long, 19 curves, 26 % descent gradients – and your brand right in the middle. The topography of BILSTER BERG is ideal to enable extraordinary driving experiences. Give your business partners, customers and staff unique impressions of your brand and create an individual automotive experience.

The stage for your product.

The stylishly contemporary resort offers a perfect stage, not only for automobile manufacturers, importers and suppliers, but also for non-automotive manufacturers and service suppliers. Use BILSTER BERG to create an exclusive presentation of your products designed for a select public.

This is where your data counts.

Secluded. Secure. Sophisticated.
And above all, outstandingly
equipped. These are the attributes
that make BILSTER BERG a
compelling test track for your
promotions. The topography and
track configuration allow realistic
test scenarios for almost all vehicle
components. For your test drive. To
develop your driving skills. For safety
systems, tires, brakes and numerous
other valuable tests.

Track Day

The pleasure of driving redefined.

Ladys and Gentlemen, please start your engines. Come to the starting line of a race track that combines the challenges of the most demanding tracks in the world with the highest of safety standards. A track that raises driving pleasure to a new level.

Track Day

Be prepared for emergencies.

Steer the attention of your target group to the physics of driving. The challenging layouts of the race track, dynamic area and off-road parcours provide supreme conditions for your individual drivers training – In a private and stimulating environment.

Promote with emotions.

BILSTER BERG is the perfect photo and film set for the automotive industry and also for products not directly related to race tracks and co. With its contemporary architecture and a beautiful location in the middle of the Teutoburg Forest, BILSTER BERG offers the perfect backdrop. Whether using the racing facilities or not, there will not be any distractions and, most of all, no unwanted onlookers.
